300 W

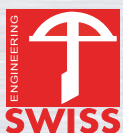

6.5 kg

20 l/min

The easyPRO is a first-class vacuum packing machine featuring a powerful pump system and high-quality stainless steel housing. The dual-pump reaches a remarkable 96% vacuum, clearly setting it apart from the competition. The easyPRO is a versatile machine ideal for small businesses and households alike.

Due to the long sealing bar, bags up to 35 cm wide can be used. The machine is easy to operate with its intuitive and user-friendly control panel, including automatic and manual modes. The easyPRO is the best of Swiss Engineering, made by Vac-Star.

\* Embossed vacuum bags are required for this machine!
